**To the Honorable Wesley W. Steen,
United States Bankruptcy Judge:**

Porter & Hedges, L.L.P. (“PH”), counsel for H. Malcolm Lovett, Jr., chapter 11 trustee for CalTex Holdings, L.P. (the “Trustee”), files this first and final application for allowance of compensation (the “Application”) for the period from July 9, 2009 through November 18, 2009 (the “Application Period”).

Overview

1. The Debtor filed a voluntary chapter 11 petition on March 20, 2009. The Trustee was appointed as the chapter 11 trustee in the case on July 7, 2009. At the Trustee’s request, the case was converted to a chapter 7 case on November 17, 2009. In the interim period, the Trustee was required to address a series of litigation, operational, environmental and financial issues. Cooperation from the Debtor was non-existent. During the Application Period, the Trustee (i) investigated and resolved litigation matters; (ii) began an investigation of the environmental issues associated with the estate’s real property; (iii) liquidated substantial personal property; and (iv) stabilized the debtor’s minimal operations. PH has been instrumental in assisting the Trustee in his efforts. By any reasonable measure, PH’s services in this case have provided a substantial benefit to the estate and its creditors. Any allowed fees and expenses will be paid from cash collateral in accordance with the Court’s prior orders and with the consent of the Debtor’s secured lender.

Brief Background

2. The Debtor filed a voluntary chapter 11 case on March 20, 2009 [Docket No. 1].

3. By Order entered July 7, 2209, the Court ordered the appointment of a chapter 11 trustee [Docket No. 288]. On July 10, 2009, Mr. Lovett was appointed as the chapter 11 trustee in the case [Docket No. 298].

4. After performing an initial investigation, Mr. Lovett filed a motion to convert the case to a chapter 7 case on October 21, 2009 [Docket No. 386]. The motion was granted and the case converted to chapter by Order entered November 17, 2009 [Docket No. 403]. Mr. Lovett was appointed as the chapter 7 trustee on November 19, 2009 [Docket No. 404].

5. The Trustee filed his application to employ PH as counsel on August 11, 2009 [Docket No. 326]. The application was granted by Order entered September 22, 2009 [Docket No. 365]. A copy of the order is attached as **Exhibit 1**.

6. Since his appointment, the Trustee has dealt with numerous issues including (i) developing budgets and obtaining the consensual use of cash collateral; (ii) liquidating the estate's scrap metal and developing a process for the liquidation of the estate's equipment and other personal property; (iii) stabilizing the Debtor's limited operations and initiating discussions with regulatory authorities; (iv) evaluating litigation claims and implementing a resolution process; (v) investigating the environmental issues associated with the estate's real property; and (vi) evaluating reorganization alternatives.

Retainer and Prior Requests for Allowance of Compensation

7. PH did not receive a retainer in this case. This is PH's first and final application for compensation in its capacity as counsel for the chapter 11 trustee.

Staffing Policy

8. Through its policy regarding professional staffing in bankruptcy cases, PH strives to provide the most effective and cost-efficient representation possible. In representing trustees, PH typically assigns one attorney who possesses the requisite experience and ability to be primarily responsible for all major tasks in the case. The primarily responsible attorney will involve other professionals when additional support is necessary. Where possible, PH will direct tasks to professionals with lower billing rates. While David R. Jones is the primary responsible attorney for the case, Joshua W. Wolfshohl quickly assumed responsibility for the case. Messrs. Jones and Wolshohl have provided the majority of the legal services rendered by PH to the Trustee during the Application Period.

Amount of Fees and Expenses Requested

9. This Application seeks compensation for PH's professional services rendered and out-of-pocket expenses incurred from July 9, 2009 through November 18, 2009. During such period, PH rendered a total of 201.10 hours of professional services and 25.70 hours of paraprofessional services on behalf of the Trustee. PH's detailed monthly statements are attached as **Exhibit 2**. PH requests compensation of \$73,995.00 for professional and paraprofessional services rendered to the Trustee during the Application Period. That amount works out to an average hourly rate of approximately \$344 for professional services and \$185 for paraprofessional services. The rates charged by PH are the customary rates charged to other clients of PH during the Application Period. In addition, PH seeks the award of \$1,000 for drafting, filing and service of this Application.

10. All awarded compensation will be paid from cash collateral in accordance with this Court's prior cash collateral orders and with the consent of Newstar Financial. The amounts requested herein are less than the amounts that were budgeted and approved.

11. During the Application Period, PH incurred the following non-reimbursed expenses in connection with its representation of the Trustee:

Expense	Amount
Copies	\$846.24
Postage	\$163.52
Legal Research	\$932.00
Messenger Service	\$10.21
Facsimile	\$1.80
Long Distance	\$.90
Filing Fees	\$250.00
Parking	\$85.00
TOTAL	\$2,289.67

12. All of PH's expenditures were necessary and reasonable costs incident to the performance of professional services for the Trustee. All of PH's professional services were rendered for and on behalf of the Trustee.

13. No agreement or understanding exists between PH and any other person with respect to sharing the compensation to be received by PH in connection with the legal services rendered to the Trustee.

Accomplishments

14. PH's principal accomplishments during the Application Period include the following:

- a. **Cash Collateral/Budget Issues.** The Trustee developed realistic budgets and worked with the Debtor's secured lender and other parties asserting liens to use cash collateral to fund the ongoing expenses of the case.

- b. **Asset Sales.** The Trustee implemented a strategy to liquidate the estate's scrap metal inventory. The Trustee also began to investigate alternatives and formulate a strategy for liquidating the estate's equipment and other personal property. During the application period, approximately \$2 million was realized.
- c. **Litigation Matters.** The Trustee was required to quickly investigate and address multiple litigation matters. The Debtor's litigation strategies were not always well-founded and for proper purposes. A number of matters were promptly resolved during the Application Period.
- d. **Operational/Environment Issues.** The Trustee moved quickly to stabilize the Debtor's limited operations. The Trustee also initiated an investigation to gain an independent understanding of the environmental issues associated with the estate's real property and ensuring that environmental event does not occur.
- e. **Administrative Matters and General Legal Advice.** PH has provided the Trustee with general legal advice in regard to all facets of this case. Included in this category are administrative matters such as responding to miscellaneous matters, attending hearings, investigating the Debtor's compliance with regulatory authorities, implementing the Trustee's and the Court's instructions, conferences with various parties in the case and filing miscellaneous pleadings.

Allocation of Professional Services

15. In the course of providing its services to the Trustee, PH allocates its professional services to the major undertakings involved in the case. In this case, PH's professionals individually enter daily time entries into PH's computerized time and billing system, and those entries are directly allocated to the particular matter on which the professional is working. In so doing, PH facilitates analysis of the services required to address each major problem that confronts the Trustee. The following describes the major tasks on which PH provided services to the Trustee, and the substantive amount of time expended by each professional in regard to each such task during the Application Period:

Cash Collateral/Budget Issues. The amount of each professional's time expended in this category and the fees attributable to such time is as follows:

Total	132.60	\$ 6,612.50

Factors Supporting Allowance of Compensation

16. Section 330(a)(3)(A) of the Bankruptcy Code sets forth the criteria for the evaluation of professional fees. Prior to the enactment of § 330(a)(3)(A), *In re First Colonial Corp. of America*, 544 F.2d 1291 (5th Cir.), *cert. denied*, 431 U.S. 904 (1977) was the controlling authority that Courts within the Fifth Circuit relied upon in evaluating requests for payment of professional fees. The § 330(a)(3)(A) factors are subsumed within the more extensive *First Colonial* factors. The following analysis of the *First Colonial* factors support the reasonableness of the requested fees and expenses:

a. **Time and labor required.** Exhibit 2 to this Application contains copies of PH's monthly invoices. All time records are recorded in the firm's computerized billing system contemporaneously with the rendition of the services, and those daily records are reviewed at least monthly. Exhibit 2 sets forth in detail all the time for which compensation is sought, as well as the specific services performed by each of the professionals in connection with the services.

b. **The size of the fee is commensurate with the novelty and difficulty of the questions presented in the case.** This case is complex with multiple legal and operational issues that require significant legal resources. PH believes that the amount of the fees is reasonable in light of the complexity of the legal issues and problems present in this case.

c. **The skill requisite to perform the legal services properly.** PH is an experienced law firm in the area of bankruptcy law. Moreover, the firm has considerable expertise in representing trustees.

d. **Preclusion of other employment due to the acceptance of this case.** PH was not required to decline representation in other matters due to this case.

e. **The customary fee.** The rates charged by PH in this case are the customary rates charged for services of a similar nature for the firm's other clients at the time the services were provided.

f. **Whether the fee is fixed or contingent.** This case was not based on a fixed or contingent fee. However, the estate had no unencumbered assets with which to pay administrative expenses. PH's willingness to undertake the representation of the Trustee under these circumstances is another factor that supports the requested award.

g. **The amount of time involved and the results obtained.** PH's actions in this case have assisted the Trustee in efficiently administering the estate. This case has been handled

in a professional and cost-effective manner. The requested compensation is reasonable in view of the time expended, the parties involved, and the results obtained in the case to date.

h. **The experience, reputation and ability of the professionals who performed virtually all of the services in the case.** The following summarizes the background of the attorneys who performed the majority of the legal services during the Application Period:

David R. Jones. Mr. Jones received a Bachelor of Science degree in Electrical Engineering with honors from Duke University in 1983, and a Masters of Business Administration from Southern Methodist University in 1986. After his graduation, Mr. Jones was employed in the corporate finance department of a large Fortune 100 company, and ultimately became self-employed in a number of businesses, including a computer consultation business. In 1990, Mr. Jones enrolled in the University of Houston Law Center. He received his Juris Doctorate from the University of Houston with honors in 1992. While in law school, Mr. Jones was the editor-in-chief of the *Houston Law Review* and served as Chief Baron of the Order of the Barons. Since becoming an attorney, Mr. Jones has specialized in business and governmental reorganization matters, complex business litigation, Debtor representation and general bankruptcy law. Mr. Jones is a member of the State Bar of Texas, and is admitted to practice before the United States District Court for the Southern and Eastern Districts of Texas and the District of Colorado, the Fifth Circuit Court of Appeals and the United States Supreme Court. He is a member of the American, Houston, and Fifth Circuit Bar Associations. Mr. Jones has not applied for certification as a specialist by the State Bar of Texas.

Joshua W. Wolfshohl. Mr. Wolfshohl received a Bachelor of Arts degree from the University of Texas in 1997. Mr. Wolfshohl received his Juris Doctorate from the University of Houston in 2002. After graduation, Mr. Wolfshohl clerked for the Hon. Wesley Steen. Since joining PH as an associate attorney, Mr. Wolfshohl has specialized in business reorganization matters, bankruptcy-related litigation and general bankruptcy law. Mr. Wolfshohl is member of the State Bar of Texas, and is admitted to practice before the United States District Court for the Southern District of Texas and the Fifth Circuit Court of Appeals. He is a member of the Houston and Fifth Circuit Bar Associations. Mr. Wolfshohl has not applied for certification as a specialist by the State Bar of Texas.

i. **The undesirability of the case.** This case was not undesirable. PH appreciates (i) the opportunity to represent Mr. Lovett; and (ii) the Court's and its staff's responsiveness to all matters that have arisen in this case.

j. **Awards in similar cases.** The compensation requested in this case is comparable to, if not less than, the compensation allowed in other cases of the size and complexity of this case.

k. **Disbursements.** PH disbursed the sums set forth above for actual and necessary expenses incurred in the rendition of professional services during this case. The following describes PH's policy regarding charging of expenses:

- Billing rates do not include components for copying and other extraordinary charges that may be incurred by particular clients;
- Photocopies made on premises were charged at twenty cents per page in accordance with guidelines promulgated in the Southern District of Texas. Larger copying and mailing jobs are performed by an outside copying service at cheaper rates;
- All travel and accommodation expenses are charged at the least expensive cost to the estate available under the circumstances of the particular trip.

PH believes that the expenses incurred in connection with its representation of the Trustee in this case were necessary, reasonable and justified under the circumstances.

Conclusion

17. With PH's assistance, the Trustee has made significant progress in administering a problematic case. PH's assistance enabled the Trustee to successfully address a myriad of issues. The legal fees and expenses incurred during the Application Period were appropriate for the tasks completed and the results obtained. By any reasonable measure, the services provided in this case by PH have benefited the estate and all creditors and interest holders. Accordingly, PH requests the Court approve final compensation and reimbursement of expenses as set forth above; and grant such other just relief.
